Selectmen's Meeting

SEPTEMBER 4, 1984 - by VIRGINIA ARRAL

TOWN AMBULANCE FEES DISCUSSED

Selectman Frank Suzan told fellow member selectmen last Tuesday that he felt "we've got to come up with something fair in what we are charging users of the town ambulance.

"I don't think it's right for the town to charge $75. to some taxpayers for ambulance service, some to be paying a percentage of what Medicare does not pay and some have the fees abated," Suzan said. "I feel it should be a set rate across the board."

Selectman James F. Huntoon said "Sharing the burden - that's the philosophy of our culture." He added, "why disturb a system that is working."

The discussion came about because of the number of abatement requests that have been made to the board. Elaine Sylvia, selectmen's secretary, said about 70 were abated from the old list and about the same number from the 1983-1984 list.

Mrs. Sylvia explained that there is a $75. charge - Medicare allows $55. for the charge and pays 80 percent (or about $45.). Those under Medicare using the service can be billed only for the $10. difference between $45. and $55. Many times, she added, users pay the full amount of $75.

and get reimbursed by their insurance company. She noted there are many different methods of payment. If the payment was reduced, Mrs. Sylvia said, Medicare would still only pay 80 percent.

Chairman John DeCosta said, "I don't think anyone has ever been hurt by this system. We are sensitive to those who cannot pay." DeCosta added that the money is critical to the operation of the ambulance service.

Selectmen estimated there are about 160 to 170 ambulance runs a year. Figures taken from the 1983 annual town report note that 223 runs were made in 1983. The annual budget for the ambulance operation voted this year is $19,795 ($13,000 for salaries and $6,795 for expenses). Donations to the ambulance fund help ease the cost and average $300. per year.

Further discussion was postponed until Medicare figures are researched and analyzed. Also, Selectman Suzan asked to see the law referring to the reimbursement percentages.

In other business, Selectmen:

DISCUSSED the condition of Olde Towne Trail that runs off North Street near the water tower. Executive Secretary Carol Adams informed selectmen that sections of the roadway are impassable because of the logs left by Edwin Livingstone when he had someone clear two of his lots in the area.

On January 3 selectmen received a request from Livingstone to use the trail in order to remove trees from his property. Permission was granted with the provision he leave the trail in passable condition and do a minimum of cutting and a maximum of cleaning up.

Mrs. Adams said there is about a quarter of a mile of trail impassable and a brook left in a muddied condition because of logs being dragged through it on a skidder.

DeCosta said we have lost our access to the Tinkham Town Forest and if a fire truck needed to get up there it would not be able to get through. The board agreed to contact Attorney Livingstone asking him to restore the road to its original condition and when they can expect to see the work done.

APPOINTED Joseph G. Caton as assistant animal inspector.

DeCosta noted Caton is also the dog officer and is a very capable person and handles animals well.

APPROVED the appointment of the Rev. Stanley J. Kolasa, the new pastor of St. Anthony's Church, to serve on the board of the Council on Aging. He will replace Father Gabriel who has left to serve in another parish.

The board also approved a formula grant from the Department of Elder Affairs to the Council on Aging for its fiscal 1985 budget of $8,340. This sum was also approved by Frederick Taber, the Council's Chairman. The sum will cover salaries, operation of the bus, and other expenses.

RECEIVED a letter from Mrs. Beryl Sullivan of 2 Perry Avenue regarding a town tree that is leaning towards her house and porch.

Mrs. Sullivan noted she has had to spend $128. to have wires replaced and that another storm could cause more severe damage. She wrote that she had asked Wesley Bowman, tree warden, to cut it down but that he said there was not enough money in the budget for that purpose.

Executive Secretary Carol Adams reported there are about five trees that need to be cut down. She noted she has asked Bowman to look at the tree adjacent to the Sullivan property to see what can be done.

Selectmen agreed to have Bowman check all the trees causing problems and give an estimate of the cost of removal. They suggested a transfer of funds could pay for the work so that it can be done before winter.

NOTED that the state Department of Public Works has awarded a contract to Agway Building, Inc. of Westfield to construct a salt storage shed at the town barn for the highway department. The contract cost is $33,936. and work is to be completed in 90 days.

learned by all our athletes.

This year's football season opens to a new program and commitment developed over the past year. All the changes produced during that year are exciting and a new beginning to football. Mr. Rodman and his coaching staff have dedicated tremendous hours to develop such a program.

This year's football squad had over 70 candidates show up for the first week of practice and experienced 100% attendance all week long. These young men have made a fine commitment to themselves and football. The program carries a complete schedule on three levels (Varsity, J.V., and Freshmen). These young people dedicate long hours of practice toward each game. That special dedication will make them better citizens and contributors to our communities.

The most powerful influences on any sports team are fans and family. You possess a power to help and motivate these youngsters who are giving so much of themselves to the program.

"Kids are our number one asset and investment."

It is my sincere hope that you will support all our athletes for the work they are doing, and because they truly deserve your support.

Rochester Pre-School Story Hour

The Rochester Woman's Club will again be sponsoring a Story Hour for pre-school children, ages 3 to 5 years, at the Joseph H. Plumb Memorial Library in Rochester beginning on October 3rd. Children must be at least 3 years old to attend.

In order to provide the best program possible, it is necessary to limit the size of our group. Due to the large volume of registrations in past years, we will maintain a waiting list and if a child misses three consecutive Story Hours, he/she will be dropped from our rolls and a child on the waiting list will have a chance to join.

To register for Story Hour, please call Eileen Chamberlain at 763-8956. No registrations will be taken at the library and all registrations must be made prior to our first Story Hour.

Story Hour will be held on Wednesdays from 1 to 2 p.m. We will follow the same calendar as the Rochester Memorial School.

Parent-Teachers Club

MEETING PLANNED

The first meeting of the season for the Mattapoisett Parent-Teachers' Club will be held Wednesday, September 19th, at 7:30 p.m. at Old Hammondtown School. This meeting is open to all parents of children K-6, and all parents are encouraged to come and contribute to this vital organization. At the present time we are still looking for someone to fill the positions of secretary and corresponding secretary. The responsibilities are limited but we do require your attendance at monthly meetings. If you are interested in knowing more about school activities and helping the PTC please attend this meeting. It is important to realize that as the school committee funds cannot cover all the extras, it has been the PTC that has helped by providing the extra arts & humanity programs, extra film and field trips, extra classroom equipment and many other extras that make our schools special.

Hope to see as many parents as possible at the meeting September 19th. If there are any questions contact Kathy Wood at 758-9035.

Once again this year there will be a collection barrel for cans and bottles at Center School. Continuing to donate those bottles and cans helps us and if you wish to donate larger amounts of cans and bottles please call and we will arrange for them to be picked up. Thank you.

PROGRAM OF MUSIC OF MOZART

On Tuesday, September 18th, the Mattapoisett P.T.C. will sponsor a program entitled The Life and Music of Mozart. It will be presented at 9:00 at Old Hammondtown School and 10:15 at Center School. The program is a blend of narrative and music with impressive musical ability by two performers telling of the life of Mozart through narration by Mozart's sister. It has received excellent ratings from the South Shore Arts Collaborative and the Southeast United Collaborative for Cultural Education and Enrichment Development.

Parents are welcome to attend.

Commodore and Mrs. Keith Hiller welcomed the members with refreshments, and then he called the meeting to order.

Trophies were awarded to the following: Dr. L.F. Potter Memorial Trophy for sportsmanship to Sailing Program member Megan York; July 4th races: Lasers, Harvey Pentleton; Board boats, Peter Underwood; Harbor Days: H-12, "Jancap", Dave Jenney; Charles H. CHAMPIONSHIP RACE HELD

The Mattapoisett Yacht Club Championship race was held on Saturday, September 1st. Sailed over an Olympic course in gusty northwest winds, the race was run under the Portsmouth Yardstick Handicap system, which allows many classes of one-design boats to race together. This first attempt at such a race drew 5 boats: 2 Lasers, 2 Herreshoff 12's, and a Tanzer 16.

First to finish was Harvey Pentleton in his Laser, which had to give considerable time to the heavier and slower H-12's. Corrected times gave First Place and the Charles

Letters to The Editor

I usually enjoy Win Jenney's camera shots but took no pleasure in his latest ones about the one-hour limit on docking and the police launch ignoring the sign.

Shouldn't that sign pertain to pleasure craft only?

In an emergency in the harbor why waste precious minutes rowing out to a mooring for the police launch?

The Mattapoisett Police force is doing an excellent job in their primary mission of providing public safety and it would seem that having ready access to the launch during the busy summer season is all to the good.

easily be excused for their part in what they thought they were seeing during the construction. At this time, however, posterity should be correctly advised of what this project involved as it is examined in the years to come. For those readers who missed the August 15th article, the first two paragraphs are quoted as follows:

"Wharf Superintendents have been observing the Mattapoisett Highway Department under the direction of Highway Surveyor Manuel R. Nunes, Jr., lay cement blocks around Holmes Wharf.

"Manny said most of the blocks weigh around 1400 pounds, but that some weigh as much as a ton. He explained some of the blocks came from a wrecking company in Hingham and that company obtained the blocks from the Old South Station in Boston when part of it was dismantled."

Comment I - The blocks that were used in the construction are not cement blocks. There is not such a piece of construction material as a cement block. Cement is a powder of alumina, silica, lime, iron oxide, and magnesia burned together in a kiln and finely pulverized and used as an ingredient of mortar and concrete. Products made of mortar or concrete cannot be compared to granite for strength.

Comment II - The blocks used for the cap on this project are granite, originally obtained from a quarry. Unless forcibly destroyed, they will be there for thousands of years. There were forty-two blocks used on the Holmes Wharf. Their approximate weights are as follows:

The smallest six weigh over 1 ton each.
The next six weight over 1½ tons each.
The next twenty-three weigh over 2 tons each.
The next five weigh over 2½ tons each.
The largest two weigh over 3 tons each.

House speaker rebuts charge that he blocked ORR override bill

Thank you for the opportunity to meet with your editorial staff during my visit to New Bedford last Thursday. We had a frank and candid discussion, and I appreciate your willingness to spend time with me.

One issue which arose during the interview was the assertion by Rep. Walter Silveira Jr., D-Fairhaven, that legislation to aid Old Rochester Regional High School became a "political football" in the last legislative session, and that I buried the bill because Rep. Silveira told me he was supporting George Keverian for House Speaker. The charge is simply not true!

First, I neither hindered nor encouraged passage of the bill. I could have opposed the bill on the merits because it constitutes an override of Proposition 2½, but I do not try to hurt bills to benefit local communities even when they are sponsored by my most effective and unrelenting opponents. Rep. Silveira does not fit that category.

Realistically, Rep. Silveira could have achieved passage of the bill. The Old Rochester Regional School Bill (Senate 2222) was ordered to a third reading in the House on Nov. 7, 1983 more than a month before we ended the real work of the session on Dec. 10 and nearly two months before we finally closed all business.

On Nov. 18, the House adopted rules reforms co-sponsored by Rep. Silveira which made it substantially easier for individual members to discharge bills from the Committee on Bills in Third Reading and House Ways and Means. Rep. Silveira clearly could have moved to discharge his bill which would have required a simple majority vote, or he could have obtained signatures from 40 percent of the House members and gained discharge within this three-week period.

By the way of contrast, Steve Karol, D-Attleboro, an avowed and vocal Keverian supporter, told the House clerk that he planned to file motions to have two of his bills discharged from Third Reading during this same three-week period. When I learned of this, I discussed the bills with Rep. Karol and had the bills released. They were then approved. If Rep. Silveira has used the new rules, which he co-sponsored, in the same way, the Old Rochester Bill would be law today.

THOMAS W. McGEE

Speaker of the House
State of Mass.

That's what Rep. Walter Silveira Jr. called a bill to overide Prop 2½ and funding to repair Old Rochester Regional High School.

Rep. Silveira blamed the failure of the bill on the House Speaker Thomas W. McGee, whom Silveira has been opposing in favor of George Keverian for the speaker's post.

But as McGee pointed out in a letter to THE STANDARD-TIMES, another avowed Keverian supporter, Rep. Steve Karol of Athol, had no problem getting two of his bills passed.

McGee didn't block the ORR bill.
Silveira fumbled it.
Isn't it time for a new player?

Hiller Regatta

The fifth Hiller Family Regatta was held at the Hiller Wharf, Mattapoisett on Saturday, September 1st. The weather was bright and blustery with a strong Norwester which, as usual, held all day. This added great interest to the day's happenings what with the vicissitudes and mishaps which tested the seamanship of this yachting clan.

This year's regatta was featured by a strong comeback by the older generation, a great contrast to the sterling performances of the younger generation the year before. Gordon Downer in his O'Day Sailer, and Emerson and Eldridge Hiller in their old

However, the younger generation was not without its kudos, for in their battles with the elements, they were able to survive a series of upsets and they came out of it all with a quadruple tie for fourth place. There was no Gold for them but they were not discouraged. Looking forward to next year, they are sure that with their

The attendance this year was lower than in 1983 and included the following Hiller families, each represented by delegations of several generations: The Emerson Hillers (Senior and Junior), Eldridge Hillers, Nelson Hillers, Charley Hillers, Keith Hillers, Downers, Lorraines, and Martocci. Present also were visiting cousins from Canada, Dot and Allen Gregory, and the visiting skipper Russ Buckley of Fairhaven. As per their usual wont and propensity, the gallery's enthusiasm ran high and it was coupled with admiration for the daring and skill of the yachtsmen in their handling of their craft in the mounting seas.

The overall results of the three races are as follows:

First: Gordon Downer, 17 points; Second, Emerson Hiller, 13 points; Third, Eldridge Hiller, 10 points; Fourth, Quadruple Tie, 9 points, Gay Burgiel, Gregory Hiller, Keith Hiller, Andrew Hiller.

N.B. The results are subject to revision pending a meeting of the Race Committee and its experts. Final adjudication of points will then be made.

The Race Committee was headed by Frank T.

REPRESENTATIVE

...HE'S DONE THE JOB FOR HIS DISTRICT...

House Members Come and Go,
But the Rules Always Stay the Same ...

On October 26, 1983, twenty six representatives from across our State stood alone and voted to vacate the chair of Speaker of the Massachusetts House of Representatives.

Representative Walter Silveira was one of the courageous twenty six.

He did it because his conscience told him it would be hypocritical to talk reform in government and vote for a man who didn't believe in reform at all.

Finally, he did it because he knew whatever his loss of personal perks were, they were far outweighed by the benefit his district would see if a new, open speaker were elected.

Voting against your party's entrenched leadership is never easy.
Voting your conscience always is.

The Selections Sub-Committee is chaired by Ruth Covill, assisted by Cheryl Hughes of Mattapoisett, Jacintho Fernandes, representing Dartmouth Banking Center Advisory Council, and Theresa Gonsalves, owner of The Surrey Shoppe, representing the North Banking Center's Board.

"The Phoenix" is such a universally popular symbol of victory over defeat, even people who are NOT cup plate collectors are attracted to it," said Ruth Covill. "And, of course, for Fairhavenites, it has special appeal because of the Fort and the beach. There are less than a hundred of the amberina 'seconds'. Rogers Boyhood home is number 4 in the 'Rogers-of-Fairhaven' series, underwritten by the bank. It serves as a reminder of the Horatio Alger quality of Henry Huttleston Rogers' life and his lifetime loyalty to his hometown of Fairhaven.

Alcohol and Aging

Sponsored by the Marion Center for Human Services and Pathways to Health Resource Center, the Conference is designed for service providers to the elderly. Health care professionals, human service providers, home health aides, nursing home directors and others whose work contributes to the health and well being of the elderly are welcome.

Mello believes that the difficulty of identifying the elder problem drinker is compounded by attitudes of doctors, friends and family members who feel that, since older people have only a few years left, why not let them "enjoy" themselves? "Another deadly complication of alcohol use by the elderly," explains Mello, "is the very real possibility of drug interaction."

Many drugs lose their therapeutic value when combined with the sedative drug alcohol. The 10% of the population over the age of 65 now consume about 25% of the prescription and over-the-counter medications taken in the United States.

Conference workshops will include: pre-

Members of the Conference planning committee are: Richard Todd, Chairman, Pathways to Health; Rich Chartier, New Bedford Center for Human Services; Pat Cushing, RN, Parkwood Hospital; Marcine Fernands, Coastline Elderly Services; Rick Green, Pathways to Health; Theresa Kellerman, RN, Southeastern Massachusetts University; Ed Kovar, Massachusetts Department of Elder Affairs; Ada Macomber, Community Nurse Association of Fairhaven; Sally Osborn, Marion Center for Human Services; Caroline Robinson, New Bedford Elder Nutrition Program.

Conference participants will have the opportunity to form an active Greater New Bedford network of people working to address the issues related to alcohol and aging.

"Alcohol abuse is not limited to the young," according to Joseph Mello, director of the Marion Center for Human Services. Elder problem drinkers are less common, and tend to be less visible.

On Friday, September 21st, a day-long conference entitled ALCOHOL AND AGING will take place at The Skipper Restaurant in Fairhaven. An $18. advance registration fee covers morning refreshments, handouts and luncheon. The Conference has been approved by the MNA for 6 contact hours, and has been submitted to the NASW for CEU credit. Deadline for registration is Friday, September 14th. If your diamond was lost or stolen, and then recovered, could you tell it from any other? Probably not.

Our Gemprint instrument uses a laser-photo process to produce a Gemprint "fingerprint" of your mounted or unmounted diamond in seconds. It positively identifies your diamond from any other stone.

Federal and local law enforcement agencies have identified recovered diamonds because they had been Gemprinted. And many insurance companies offer premium discounts if you have a Gemprint Registration for your diamond.

If you care about your diamond, whatever its size, protect it with a Gemprint Registration today.

PBS: Child Sexual Abuse

The September issue of Dial, the WGBH program guide, brings word of an important series to be aired on Channel 2 September 17 through September 20. The series is entitled "Child Sexual Abuse: What Your Children Should Know" and starts at 8:00 p.m. Monday, September 17, with a two-hour program hosted by Mike Farrell aimed at parents and educators. On succeeding evenings the programs will be directed toward children of different age groupings.

According to Dial, "By watching the series, learning to talk to their children, and getting prevention programs into the schools, parents can do something about sexual abuse. Far from giving them just one more thing to worry about, the series empowers children as well as parents with practical ways to fight back."

It is felt that public service presentations such as this are of great value and

nomic education are available through Southeastern Massachusetts University's College of Business and Industry and Division of Continuing Studies. These courses may provide in-service credits for teachers in particular school systems. Graduate credits may also be obtained by paying fees to SMU at a fraction of their actual rate to teachers, because the grant pays the cost of the instructor.

The grant to schools is made possible by the Massachusetts Council on Economic Education, which funds the program through the University. The Council also funds materials in economic education for secondary school libraries.

Administrators or teachers interested in presenting these programs in their schools should call the College of Business and Industry at 999-8432 for details.

We learn to speak and to write, not because we intend to become orators or novelists, but because speaking and writing are necessary for getting along in modern, civilized life.
So should we learn to dance - not only to become professionals - but also because in dance schools we develop poise, confidence, creative expression, cultural appreciation - and these qualities have become just as important as writing and speaking in today's society.
